Callum has asked for a banner to help advertise the club while they are playing canoe polo at Dukes Dock. They are getting lots of questions about the sport and how to join

It will be 2m by 0.5m and fabric so easily transportable and hung from the railing above the pitch while they are playing. – Cost about £50 - £60 Same design as main club board on the compound.

I assume we are all in agreement.

I have 3 Jackson SuperStar kayaks with repaired split on hull under the seat. They are 100% sealed and I still paddle them at Stanely or other deep water waves. They would be ideal for pool use or light use at the docks – just will not take any more rivers in the Alps. Fittings are very good and worth a lot eg happy feet etc. I need to move them on to make space and would rather offer them to the club – Say £50 each. I assume we are all in agreement for the purchase.

We will also need to meet in September sometime to plan AGM – Venue could be the Coburg pub near the compound? Just need a date.

Keith

Keith

Yep, I'm OK with all of that.

Agreed.

We get a lot of passers by taking photos and video's of the polo. I wonder if the banner could have details of the clubs Twitter and Instagram accounts, and then people might send them to our accounts?

Rich.

Hi LCC Stewardship Group,
Yes, I'm in favour of the banner and the purchase of kayaks.
Jim
