MONTHLY SUSBSRIPTION PLAN BILLING TERMS

Standard SMTP service plans are based upon a term (i.e. monthly, quarterly, annually) subscription service that will automatically renew and charge the credit card of record for your account. The day of the month your service is activated will be the start date of each term. Billing occurs at the beginning of each term.

Each service plan is billed according to a defined limit on the number of emails that can be sent in any given month, known as the relay "quota" for that plan. Any unused email relays from the prior month will not carryover and will be lost. Every plan has a default setting to enable "overage" which is defined as the ability to continue sending emails even after you have reached the maximum quota limit for your plan at a price of 1.25x the pro-rated price per each email in your plan. If you desire to have overage disabled, simply contact support.

You can upgrade at any time during the month by contacting sales at 1-877-705-9362 or our support department at support@smtp.com or call toll free at 1-877-705-9362. You may also downgrade or cancel your service plan at any time with a 30 day notice by contacting sales at 1-877-705-9362 or our support department at support@smtp.com or call toll free at 1-877-705-9362.
